

EAS FOR THE REAL WORLD

INTEGRATED SYSTEMS AT WORK

Unlock the power of a truly integrated ID card solution with Polaroid ID systems. Our software, printers and capture solutions comprise a full line of truly integrated systems while offering the flexibility to combine them in the configuration that's right for you.

ideas for you

ID Card Maker software products work flawlessly with our printers and create a seamless workflow for your organization.

Unique benefits of Polaroid's ID systems include:

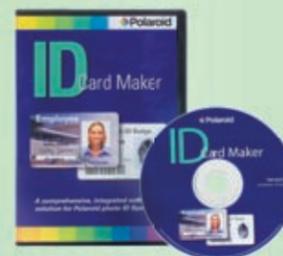

- ◆ Printers, software and supplies built to work together as truly integrated, turnkey systems
- ◆ Multiple system configurations to meet all ID program needs
- ◆ Flexible, customizable tools that help you easily upgrade and expand your system's capabilities
- ◆ Intuitive image and signature capture methods
- ◆ High-quality printers with supplies made specifically to optimize card printing results
- ◆ World-class service and support—one contact for all your ID card system needs

Choose from one of our standard pre-configured systems, or configure your own system to meet your organization's precise needs.

Three Steps, One System
